

# Anthony

Anthony's family had made numerous calls to 911 in an effort to manage his unsafe behaviors.

For All Seasons assisted the family with finding alternative ways to approach their son when in a state of crisis. They used tools such as de-escalation, empowerment and psychoeducation, working tirelessly with Anthony to utilize alternative coping skills within a safe environment. Since the family's involvement in MCSS, the family has not utilized 911. Additionally, they are no longer pursuing an out-of-home placement for Anthony due to positive changes within their home. *For All Seasons works with the local DSS to provide Mobile Crisis Stabilization Services (MCSS) to their clients.*

Providing Help, Hope & Healing for More Than 30 Years

## MCSS provides support to youth and families in two primary ways:

- **24/7 CRISIS HOTLINE:** A crisis can happen at any time of day or night. Families are provided with a 24/7 hotline phone number that they can access when experiencing a crisis. Our team will work to stabilize the crisis over the phone or in person.
- **IN-HOME SERVICES:** MCSS Program Coordinator schedules in-home services to provide support, behavior management and education to families on a weekly, bi-weekly, or as-needed basis. This allows for opportunities to maintain stability when a crisis is not actively occurring. Services may include family therapy, depending on the case.
